Socks Hold on to your hat, we're going to use two new techniques in one project: we'll make socks from the toe up using the magic loop method! Toe up sock knitting allows you to do the complicated parts of the sock at the beginning, then cruise through the leg section before finishing. And magic loop knitting is the perfect technique for knitters who dislike those double pointed needles.

Prerequisite: Experience knitting a hat or mittens.

\$45 plus materials.
